THE NEW FRENCH REMEDY

TRADE MARK

This successful and highly popular remedy, used in the
Continental Hospitals by Kloss, Koster, Robert, Valpeau
and others, combines all the desiderata to be sought in a
medicine of the kind, and surpasses everything hitherto
employed.

THERAPION No. 1 is a re-
sultant, often a few days only, removes all discharges from
the urinary organs, effectually suppressing the disease, the use
of which does not involve any harm by laying the foundation of
stricture and other serious diseases. In dysentery, piles,
irritation of the lower bowel, cough, bronchitis, asthma, and
some of the more trying complaints of this kind, and thoroughly
eliminates every poisonous matter from the body.

THERAPION No. 2 is for
the blood, scurvy, pimples, spots, blotches, pains and swell-
ings of the joints, secondary symptoms, gonorrhea, rheumatism,
and all diseases for which it has been too much a failure
to employ mercury, sarsaparilla, &c. &c. the destruction of
suffering, both and ruin of health. This preparation
purifies the whole system through the blood, and thoroughly
eliminates every poisonous matter from the body.

THERAPION No. 3 is for
exhaustion, impaired vitality, anæmia, and all the
distressing consequences of early error, excess, and all the
hot, unhealthy diseases, &c. It possesses surprising power
in restoring strength and vigor to the debilitated.

THERAPION is sold by the prin-
cipal chemists throughout the world. Price in England 5s 6
d. 2s 6d. In Hongkong, 5s 6d. and 2s 6d. in all the
colonies. It is a French preparation, and is a French
preparation, and is a French preparation.

WANTED.

A HOUSE at the PEAK for the Summer
Months.

SEA-FIGHTERS.

In naval warfare as in land battles the training of the combatants counts for a great deal, but nevertheless the saying that Providence favours the heaviest battalions holds good at sea as well as on shore. At present the fleets of Russia and Japan are fairly evenly matched, the balance being slightly in favour of Japan. Russia has in the China station 7 1st-class battleships, namely, the *Petrovich*, *Poltava*, *Sevastopol*, *Retvisan*, *Peresviet*, *Csarvitch* and *Pobeda*. It is curious that the *Gromobol*, which is also on this station, is nearly always classed as a battleship. As a matter of fact the *Rosita*, 1st-class cruiser, has a better claim to this title being more heavily armoured, and carrying more guns than the *Gromobol*. Nowadays, when cruisers carry such heavy armaments it is somewhat difficult to draw a distinction between a battleship and a cruiser. Suffice it to say that in most of the recognised naval annuals both the *Gromobol* and *Rosita* are entered as 1st-class armoured cruisers, so in this article they will be treated as such. The best boat in the Russian fleet is the *Retvisan*. She is a vessel of 12,700 tons, and steams 18 knots. Her armament includes 4-12 in.; 12-6 in.; 20-12 pdr.; 2-6 pdr.; 20-3 pdr.; and 6-1 pdr. guns as well as 6 torpedo tubes. In many respects she is similar to the British battleship *Glory* which is so well known in these waters, but the Russians have managed to mount more guns in her than the British have in their ship, without apparently sacrificing any coal room. The *Petrovich*, *Poltava* and *Sevastopol* all carry 4-12 in. guns as their main armament. The *Peresviet* and *Pobeda*, although of greater displacement carry 4-10 in. guns but make up this seeming deficiency by greater speed (19 against 17 knots).

The Japanese battleships are built on more English designs, and are taking them all round a more homogeneous fleet. The *Mikasa* of 15,200 tons displacement is one of the finest men-of-war afloat. She does 18 knots and carries 4-12 in.; 14-6 in.; 20-12 pdr.; 8-3 pdr.; and 12 smaller guns and 4 submerged torpedo tubes. The *Hatsuse*, *Asahi* and *Shikishima* are very similar to the *Mikasa* in all respects. The *Yashima* and *Fuji* although of nearly 3,000 tons, less displacement carry exceptionally large armaments. These six ships form the cream of the Japanese fleet but the list of battleships cannot be closed without mention of the *Chiyuri*, 7,200 tons, captured at Weihaiwei on the 12th February, 1895, her speed being only 14.5 knots she would hinder her swifter sisters in any extensive manoeuvres, but she and the *Fusuo*, another out of date vessel, would probably render a good account of themselves if employed in harbour defence work. There are three other coast defence ships in the Japanese navy, the *Hiyri*, *Kongo*, and *Pingyen*. They are at present used as training and gunnery ships but would undoubtedly undertake more serious work should their country be in danger.

Japan has far more cruisers than Russia. The Russian cruiser squadron is composed of the following vessels:—
1st class (armoured) *Rosita*; *Rurik*; and *Gromobol*.
1st class (protected) *Varyak*; *Bogatyr*; *Diana*; *Pallada*; *Askold*.
2nd class (protected) *Byarin*.
3rd class (unprotected) *Zubiac*; and *Rastvornik*.
The *Amur*, torpedo transport, is also sometimes classed as a cruiser. Of the above mentioned vessels the *Rosita*, *Rurik* and *Gromobol* are the only ones of over 9,000 tons. The Japanese armoured cruisers should be more easily handled than those of their opponents as they are almost identical in armour, speed, armament and displacement. The Japanese boats are:—
1st class (armoured) *Asama*; *Tokawa*; *Jidzuno*; *Iwate*; *Yakumo*; and *Adzuma*.
2nd class (armoured) *Chiyoda*.
2nd class (protected) *Takagaki*; *Kasagi*; *Chitose*; *Isukushima*; *Hakidate*; *Mutsushima*; *Yoshino*; *Nantwa*; *Takachiho*; and *Aikishushima*.

Besides these there are three cruisers of the last class building, one of which the *Nitaka* should be ready for sea shortly—and also the two beautiful vessels which have just been bought, and are on their way out from Genoa. Gunboats and torpedo vessels there are in plenty on both sides, but it is after all between the bigger ships that the decisive battles will be fought. At present Japan has the advantage, but she has no overwhelming preponderance and a small mistake on the part of her commanders would soon make the scales lean toward Russia. If war is likely her most fatal mistake would be to await the arrival of the Russian fleet which is supposed to be on its way out from Bizerta. At present she has no great odds to contend against, but if the Russian fleet is allowed to be reinforced Japan's would have to fight equal to, if not better than, hers.—*N. C. D. News.*

A FOOLISH OLD IDEA.

It was once thought that a medicine was all the more beneficial for having a nasty taste and smell. We now know that such an idea is perfect nonsense. There is no more reason why medicine should offend the senses than why food should do so. Therefore, one of the greatest chemical victories of the past few years is what we may call the *redemption* of cod liver oil. Everybody knows what a vile taste and smell this drug has in its natural state. No wonder most people declare they would rather suffer from disease than take cod liver oil, and the emulsions are quite as foul and abominable as the plain oil, no matter what may be alleged to the contrary. Now it is one of nature's laws that a medicine which disgusts the nose and the palate, and also sickens the stomach, can have no good effect as a medicine; because the system revolts against it, and cries out to be delivered from it.

WAMPOLE'S PREPARATION
the desired miracle is wrought, and we have the valuable part of the oil, without the other. This effective modern remedy is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of "Phosphophites and the Extracts of Malt and Wild Cherry. The palate accepts it as it does sugar, confectionery or cream. Taken before meals it goes to the very secret stronghold of digestive disorders: prevents and cures Nervous Dyspepsia, Anemia, Throat and Lung Troubles and all diseases due to impurity of the blood. Dr. G. C. Shannon, of Canada, says: "I shall continue its use with, I am sure, great advantage to my patients and satisfaction to myself." Has all the virtues of cod liver oil; none of its faults. It was made to cure and it sells because it cures. One bottle convinces. Effective from the first dose. "It never disappoints." Sold by chemists the world over and A. S. Watson & Co., Limited. [11]

HONGKONG, TUESDAY, JANUARY 19, 1904.

TYTAM TUK WATERWORKS
SCHEME.

The necessity for increasing the water supply of the City and Hill district is regarded as very urgent, and while the large low level reservoir at Tytam Tuk is designed to meet future requirements, H. E. Sir H. A. Blake recently pointed out that since immediate advantage could not be taken of such a reservoir, measures must be adopted to provide for present necessities. In his despatch to the Secretary of State for the Colonies, laid before the Legislative Council this afternoon, he strongly recommended that a proposal of Mr. Chatham's be approved and paid for out of the sums voted for the Tytam Tuk Scheme of which practically it forms a part. Enclosed in the despatch of our late Governor to the Secretary of State was a copy of Mr. Chatham's report, supplemented by a letter sent under flying seal addressed to Mr. Chadwick, in which the Director of Public Works gave an account of trial works undertaken. Operations were confined to three sites and the results were somewhat disappointing, and, after full investigations, he came to the conclusion that a dam on site No. 4 of Mr. Cooper's 1896 report, but increased in size so as to render it capable of containing 194 million gallons instead of 100 million gallons, as specified in his report, would afford the most ready and economical means of meeting the requirements. In addition to the water impounded by the proposed dam, the yield of the streams flowing in the valley would be rendered available by the small dam which had already been constructed, in connection with the temporary pumping engine now at work, and from which the main to the large pumping engines would be laid. The natural drainage area amounts to 470 acres, of which 210 acres lie about the Tytam west catchwater supplying Tytam Reservoir. Mr. Chatham explained that can be intercepted by catchwaters constructed along the southern slopes of the hills beyond the head of the valley, and, as we heard from him at a recent meeting of the Council, a pumping engine, capable of raising half a million gallons per day, has been erected; a small dam capable of containing 14 million gallons having been constructed at this point, and a rising-main laid to the Tytam Gauge Basin. This will render available the dry-weather flow of the streams until the large engines are erected. It is also explained that the reason for utilising first the No. 4 site is that, owing to the difficulties experienced at the low level site, it is evident that no water can be gathered there for pumping purposes until the lapse of probably three years, whereas if the dam at No. 4 site be at once proceeded with, pumping by means of the engines ordered from home can be commenced, it is anticipated, during the dry season 1904-1905. A provision of \$100,000 has been made in the Estimates for next year for the Tytam Tuk Scheme. The proposals contained in Sir Henry Blake's despatch would involve, it was estimated, an additional provision of \$150,000. From the papers laid on the table before the Legislative Council to-day, we are pleased to note that sanction was received to provide the further sum required, by telegraphic despatch on the 1st inst. Like the poor, the water famine is ever present with us, and any and every measure adopted to mitigate the evils attending the placing of the community on "short commons" must be hailed with general public satisfaction.

THE DOMESTIC SERVANTS
QUESTION.

PETITION FROM HONGKONG DOMESTIC

At the meeting of the Legislative Council this afternoon, the Hon. Mr. Pollock K.C. in presenting the following petition said:—Your Excellency, I would ask permission to lay upon the table a petition which has been signed by numerous ladies in this Colony with reference to the registration of domestic servants. Their petition, Sir, is not formally addressed to the members of this Council, but it has to do with legislation and, therefore, I think it fit that it should be laid on the table of this Council.

His Excellency:—I think I must say that the hon. member's petition is not in order, and cannot be laid upon the table of this Council. I think you must have received a letter addressed to you by the Colonial Secretary by my direction. The petition is addressed to the Officer Administering the Government; it is not addressed to the hon. members of this Council and is therefore not in order.

The Hon. Pollock:—Of course, I abide by your Excellency's ruling. Of course, the petition has to do with legislation and, therefore, it seems to me it should be laid upon the table of this Council.

THE PETITION.

To His Excellency the Officer Administering the Government.

THE HUMBLE PETITION OF THE UNDER-SIGNED LADIES OF HONGKONG.

Most Respectfully Sheweth:—

1.—Your petitioners, ladies of the European Community in this Colony, respectfully request that legislation may be introduced to cope with the existing difficulties in connection with Chinese domestic servants, viz., house coolies, cooks, vehicle drivers and amahs.

2.—During the greater part of every day we are left alone in our houses, and in the majority of cases the domestic servants, taking advantage of the absence of the master of the house, do evil, are lazy and insolent.

3.—Our husbands or brothers, owing to their business engagements, have not the time to spend in instituting and attending prosecutions at the Magistrate's, and it is highly distasteful as well as most inconvenient to ourselves—especially in the summer season—to take steps personally to have offenders punished.

4.—Our only remedy is to dismiss the offending parties; but such dismissal is a poor remedy, for we must engage fresh servants, unless, as often happens, we are boycotted, and such fresh servants come to us as a rule without any certificates of character. Even if they bring certificates of character we are often unable to find out whether the character relates to the person presenting it, for there is no means of identification, and the perpetual fluctuation of the European community renders inquiry as to the bona fides of an applicant impossible in many cases.

5.—Some of us have lived for many years in this Colony, and can state most positively that the demeanour and capability of domestic servants have deteriorated in recent years, with the result that domestic economy is a source of increasing annoyance and strain every day to your petitioners, who have enough already to contend with in the climatic conditions.

6.—We respectfully assert that our relation to domestic servants cannot be judged by the which prevails at Government House or Head Quarter House, or in bachelor establishments. The perquisites and the status of servants at Government House or Head Quarter House tend to render them more attentive, respectful, and diligent; whilst the pay in bachelor establishments is notoriously very high, therefore attractive, though in many cases the servants are not of the same quality.

7.—We further submit that our experience should not be compared with, or rejected in favour of, the experience of the few influential members of the community who obtain their servants through a Chinese compradore, who is responsible for their conduct, and whose interest it is to see that no cause of trouble arises in respect of incivility, or wages, or any other matter.

8.—We would impress on Your Excellency that we represent the bulk of the European ladies of Hongkong, and that we have a right to have our grievances seriously and impartially considered and legislated for.

9.—We are not asking for oppressive legislation in our favour as against the interests of the Chinese; we are merely asking that every Chinese who offers himself or herself as a servant should come with credentials which can be relied upon. It must be obvious that any system which raises the standard of servants must benefit the servant as well as the master, be he European or Chinese.

10.—It is almost superfluous to remind Your Excellency of the large number of larcenies which have been committed by servants, or in collusion with servants, in the dwelling houses of Europeans and Chinese alike, during the last few months. Such occurrences would, in our opinion, be rendered far less frequent if the proposals set out in the next paragraph are given effect to.

11.—We respectfully beg that your Excellency will initiate legislation on the following or similar lines:—

(a) Compulsory registration of all domestic servants.

(b) Compulsory photographing of all domestic servants.

(c) Compulsory taking out of registration certificates.

(d) Compulsory entries of changes of services on the registration certificates.

(e) All the other measures embodied in the draft Bill which form an Appendix to the recent Report of the Private Chair and Jinricksha Commissions.

And your petitioners will ever pray.

(Here follow 266 signatures.)

PAPERS.

The Acting Colonial Secretary laid on the table copy of correspondence relating to Tytam Tuk Waterworks Scheme for City and Hill District Survey copy of correspondence respecting the same to the Police Force; and the report of the committee appointed by H.E. Sir H. A. Blake to inquire into the causes of Chinese infant mortality in the Colony.

INCREASE TO THE POLICE FORCE.

Following is the report relating to the police:—

Government House, Hongkong, 17th November, 1903.

Sir,—I recently referred the question of increasing the Police Force to the Colonial Secretary and Acting Captain Superintendent of Police for report, and I have now the honour to inform you that this question has been carefully considered by the Colonial Secretary and Captain Lyons, who had under date of the 29th September, asked that 50 Chinese Police might be temporarily engaged and paid for out of lapsing salaries in the Department in order to tide over the season immediately preceding the Chinese New Year, when there is usually an access of crime.

It is found that, owing to the extension of the area of the City by the Praya Reclamation which is now largely built over, the extensive building that has taken place on the new road on the upper levels (Macdonnell and Conduit Road) and extensions of the City eastwards (the addition of 21 night beats and 17 day beats in the City of Victoria is required. To keep these beats covered 55 men are required, while 14 additional men are wanted to cover new beats and patrols in the Kowloon Peninsula rendered necessary by the large additions of buildings that have been made there recently.

Owing to the increase in the Chinese population, which it is estimated is greater by 33,000 persons than it was in 1901 when the last census was taken, and to the increased number of steamers running between Hongkong, Canton and Macao, all of which have to be watched by the Police, an increase of 6 men is required for the Chinese Detective Staff. This makes a total of 75 men.

The Police in the New Territory have, however, during last year and this year, been reduced by 21 men, and these men are already obliged to cover some of the new ground. Consequently after making due allowance for men sick and on leave it is calculated that an addition of 60 Constables will amply suffice for all present requirements. From this number, 10 already provided for in 1903 Estimates (2 of the 12 men actually provided are required for Caspium Station) can be deducted, leaving 50 as the number to be provided.

The Acting Captain Superintendent of Police recommends, and I concur with him, that the 50 men should be Chinese Constables of the 2nd class, and I attach a statement which shows that the cost of this addition to the force and of appointing 6 more Chinese Detectives will be \$10,360 for next year.

The Colonial Secretary also made certain recommendations for improving the conditions of service of the Chinese Land and Water Police. I approve of all of these recommendations, and I have included them in the statement attached. If they receive your sanction the total additional expenditure involved will be \$10,360, which has been recommended by Captain Lyons.

In order to house these additional Police, I recommend that another storey be added to the Central Police Station.

This will give accommodation for 24 additional Asiatic police besides providing, by a rearrangement of rooms, increased store and office accommodation, both of which are much needed owing to the large increase in numbers of the Force since the acquisition of the New Territory, and the addition of an Assistant Superintendent of Police for Victoria, who has at present no office.

The Barracks are at present so overcrowded that some 22 Chinese Constables are housed in a makeshift in the compound of the Station. This is a very unsatisfactory arrangement. The addition of a storey will enable these men to be brought within the building and will also afford accommodation for those of the extra Police (15) who will be allocated to the Central District. Room can be found in the Eastern and Western Districts of the City for the additional men allocated to them, while in the Kowloon Peninsula some additional accommodation can be provided at small cost at Yau-mati and Hung-hom.

The cost of an additional storey to the Central Police Station is estimated at \$8,000, while \$500 will be required to accommodate some 50 of the Police who must vacate a portion of the Barracks during the alteration.

I have to ask your authority to incur this expenditure, together with the sum necessary to defray the cost of increase of Police and of salaries shown in the Schedule.

I attach copy of a report which I called for from the Senior Police Magistrate and the Acting Captain Superintendent of Police on the increase of crime and increased number of prisoners in the Gaol. This report shows that there was a large increase in crime in the first quarter of the current year and a still further increase in the third quarter of the year.

This increase in crime is, in my opinion, largely due to the increased number of steamers running between Hongkong and Canton and Macao and to the reduction of fares as the result of competition in the traffic.

Six steamers run daily now to Canton, whereas formerly there were only 3, and the fares have been reduced since the end of last year from 60 cents to 30 cents for Chinese and class passengers.

A thief can visit Hongkong from Canton for 60 cents now, and this no doubt tempts many to do so while the increased chances of escape make the detection of crime more difficult.

I consider therefore that the increase in crime is urgently required and should you approve of the recommendations made I should be glad if you would telegraph your sanction in order that steps may be taken to increase the accommodation at the Central Station during the dry season and for recruiting the necessary men.—I have, &c.

H. A. BLAKE, Governor.

Secretary of State's approval received by Telegram dated 14th December, 1903.

SUMMONING OF CHINESE ORDINANCE.

The Acting Colonial Secretary moved:—Whereas by section 5 of the Summoning of Chinese Ordinance, 1899, (No. 49 of 1899), it was enacted that the said Ordinance should only continue in operation for the period of two years from the coming into operation of the said Ordinance and for such further period or periods as might, from time to time, be determined by resolution of the Legislative Council, and whereas such operation has been

continued by resolution of this Council till the 30th day of March, 1904, inclusive.

It is hereby resolved by this Council that the Summoning of Chinese Ordinance, 1899, shall be further continued in operation for the further period of two years from the 31st day of March, 1904, inclusive.

The Attorney General seconded. Carried.

PICKING UP AND OBSTRUCTING HIGHWAYS.

The Hon. Gershom Stewart asked the following questions of which he had given notice:—

(1) Under what conditions are public companies or private individuals permitted to pick up and obstruct the public highways?

(2) In the event of the party responsible being delinquent in the completion of work involving the picking up of public roads, what powers have the Government to compel them to proceed with expedition?

(3) Can offenders be fined so much per diem for not neglecting?

(4) Are the crossings provided during the construction of the low level tramway, where the public highways are picked up, passed by the Public Works Department as proper and adequate for the traffic they have to carry?

The Hon. Director of Public Works replied as follows:—

(1) Some companies, such as the Gas Company, have powers under agreements entered into with the Government; others, such as the Electric Tramway Company, have powers conferred upon them by Ordinance. In every case notice to and authority from the Director of Public Works is required.

(2) Companies are required to complete the work for which they have broken up any road with due diligence or with all convenient speed and to restore the road to good condition, to the satisfaction of the Director of Public Works. The powers of the Government depend upon the terms of the agreement, the conditions of the permit issued by the Director of Public Works, or the provisions of the Ordinance in effect at the time.

(3) The Tramway Ordinance, 1902, section 12, provides such a penalty; other cases must depend upon the terms of the agreement or permit.

(4) No, but where it is brought to my notice that the crossings are inadequate, I call upon the Company to provide increased facilities. The responsibility for any accident, damages or injuries happening through their act or default rests with the tramway Company (vide s. 79 of Ordinance No. 10 of 1902).

RECOVERY OF CHARGES.

The Council went into Committee on the Bill entitled An Ordinance to provide for the Recovery of Charges incurred by the Colony on account of imbecile persons introduced into the Colony.

The Council adjourned sine die.

FINANCE COMMITTEE.

A meeting of the Finance Committee was held immediately after the Council, Hon. A. M. Thomson, Acting Colonial Secretary, presiding.

The following votes were submitted and the Committee agreed to recommend that they be adopted by the Council:—

Tokio, 13th January.
Baron Komura and Baron Rosen are to meet this afternoon.
The Emperor of Korea, in view of the present stringency, has determined to readjust his administration.

Movements of the American Squadron.

Tokio, 13th January.
The American squadron of three battleships and four cruisers left Guam (Ladrone Islands) to-day for Manila.

A private note received in Shanghai on 14th inst. from a well-informed source in Japan says that the chartering of transports is going on openly. Troops will not be dispatched to Korea until after a naval engagement. The Kokura and Sendai Divisions will be the first to take the field. Foreign newspaper correspondents are receiving orders by wire to "cable freely irrespective of cost."

EXPECTATION THAT CORFA WILL BE DIVIDED.
Berlin, January 7th.
The continental press reports the movement of the Japanese and Russian troops in Korea; but it is believed here that these proceedings will not form a cause for hostilities between Japan and Russia unless the latter takes measure to check Japanese activity in Korea, or Japan opposes the Russian movement in Manchuria. The Berlin diplomats do not expect that either of these events will take place. The German press express the belief that Korea will be divided between Japan and Russia and recognises that Japan has preferential rights in that country.—Mainichi.

Port Arthur, 8th January.
Guns and troops have been sent from Port Arthur by a volunteer fleet steamer.—Mainichi.

STATEMENT BY THE JAPANESE MINISTER.

Peking, 8th January.
Mr. Uchida, Japanese Minister to Peking, has called on "rice Ching and informed him that the Russian Government have forwarded their reply to the Tokio Government; but that it is not a satisfactory. The Japanese Minister further informed Prince Ching that the Japanese Government are considering measures for the future. It is believed in Peking that war is inevitable.—Mainichi.

The North.

Yokohama, 19th December.
The Privy Council met yesterday, the Mikado presiding. It has been resolved to return the last Russian Note to the St. Petersburg Government with the request to reconsider it. Official circles in Tokyo do not consider it a break of the relations with Russia, but on the contrary, as prompted by the desire to continue the negotiations on another basis. The final settlement of the crisis is therefore postponed for some weeks.

The Situation in Korea.

Mokpo, January 7th.
No Russian soldiers have been landed at Mokpo, or in the neighbourhood.—Mainichi.

Seoul, January 8th.
The Korean Emperor seems to be more concerned about his own personal safety than the future of his country. The Emperor at one time intended to fly to Shimon or Peking in case of war; but he seems to have subsequently decided to remain at Seoul. The Korean officials are still panic-stricken and thus are greatly unsettled. Twenty-one British marines and one officer arrived at Seoul by train to-day. Germany, France and Italy are expected to land marines and bring them to Seoul.—Mainichi.

Seoul, January 8th.
Over 2,000 Korean soldiers have already deserted, frightened by the war rumours. The peers are sending their families out of Seoul in large numbers.—Asahi.

Chemulpo, January 8th.
One officer three petty officers and twenty marines were landed from the British warship *Cressy* this morning and they proceeded to Seoul by the second train.—Mainichi.

CHURCH MISSIONARY ASSOCIATION.

TO THE EDITOR OF THE "HONGKONG TELEGRAPH."

SIR,—It has already been notified by circular and otherwise, that the annual meeting of the Hongkong Church Missionary Association is to be held on Thursday next, January 21st, at 5 p.m. in St. Paul's College. Owing, however, to the fact that Bishop Ridley of Calcutta (Bishop of Colombo) is now staying in the Colony, and is kindly going to speak at the meeting, it is feared that, as many have expressed the desire to hear him, the room in St. Paul's College will not be large enough to hold the meeting in the City Hall at the same time as was originally proposed, and the Officer Administering the Government has kindly consented to take the chair.

As there is not time to notify this change in any other way, may I ask you kindly to insert in your paper the information of those who may wish to attend? All who desire to be present, whether members of the Association or not, will be most heartily welcomed.—I am, &c.

J. C. VICTORIA.

St. Paul's College, 19th January, 1904.

THE LATE MR. COOVERJEE BOMANJEE SETNA.

There has lately passed away in Bombay at the ripe age of 84, one of the oldest Parsee merchants of India. Mr. Cooverjee Bomanjee Setna, the senior partner in the firm of Messrs. Curjeejee Bomanjee & Co. of Bombay, and Messrs. Curjeejee Bomanjee & Co. of Hongkong and Shanghai, is one of the very oldest established Indian houses, died suddenly of heart failure at his residence, Chamanwady, on Thursday, the 24th December, 1903, at about 4.30 p.m. This venerable old gentleman was born in 1819, at Rustumpore, Surat. At the tender age of five he accompanied his family to Bombay and afterwards he joined his brother's firm and acquired a full knowledge of commercial mercantile career. Of his two voyages to China, the first was in May, 1842, and the second in 1849, to establish a firm at Shanghai. He had much to recount for the vicissitudes undergone by himself in these times, to his children, and grand children, and it was indeed a pleasure to listen to his experiences of those memorable times when Hongkong was but in its infant state. His industry, business talent, and long continued services count for anything, his popularity was well deserved. Genial in manners, extremely charitable in disposition, he was amongst his friends and acquaintances familiarly styled "Maharaj" (the philanthropist). He has left behind him four sons, three daughters, and 47 grandchildren, and also a large circle of relations, friends, and acquaintances, to whom his demise is a great loss.

A CH'ANGSHA, capital of Hunan, despatch states that Governor Chao of that city has lately ordered from Japan 2,000 Murata rifles, pattern 1897, with accompanying ammunition, will cost Tls. 200,000. These Japanese rifles are said to be very much admired by the Chinese and there seems to be every prospect of China buying her rifles to future solely from Japan to the exclusion of other countries.

We learn from Canton that Messrs. Mandel & Co. effected ten days ago with the Viceroy of Kwangtung and Kwangsi a loan of one million taels, repayable in fifteen months, with interest at the rate of seven per cent. per annum. No Imperial Edict is to be required, but the repayment is guaranteed by the Viceroy, the Governor, and the Provincial Treasurer. Of the total sum about Tls. 400,000 is to be provided in the shape of Tsupp's military manufactures, the balance being in cash.—N. C. D. News.

A PARTNERSHIP DISPUTE.

In the Supreme Court in Summary Jurisdiction this morning, before His Honour Mr. A. C. Wise, Justice, Tong Lun On sued Wan In Nam for \$750 being money deposited in the Man Wo Tung firm.
Mr. John Hays (of Messrs. Johnston, Stokes and Master) appeared for the plaintiff, while defendant was represented by Mr. E. A. Bonnar (of Messrs. Denny and Bowley).
Mr. Hays said that the money was deposited with defendant, who was a partner in the Man Wo Tung firm up till about a year ago. The money was deposited practically as an investment in the firm.
Evidence was led, and His Honour gave judgment for the defendant.
A PROMISSORY NOTE CASE.
Chan Cheung King proceeded against Chan Hi, trading as Chan Ting Sang for \$68.50 due on promissory notes.
Mr. E. A. Bonnar (of Messrs. Denny and Bowley) appeared for the plaintiff, and Mr. H. K. Holmes represented the defendant.
After evidence, His Honour delivered judgment in favour of the plaintiff.

STEAMERS CHARTERED

From the Kobe Chronicle of 8th inst.:

The steamer already chartered by the

Japanese Government number about forty,

which seventeen belong to the Nippon Yusen

Kaisha and fifteen to the Osaka Shosen

Kaisha. These are expected to be mobilised in

a few days. The *Nikko-maru*, it appears, has

also been chartered. This vessel is the newest

of the N.Y.K. fleet, and was only completed a

few days ago by the Mitsui Bishi Company.

She was to take her departure to-morrow from

Yokohama on the Australian trip, but this has

suddenly been indefinitely postponed, and as

there is no steamer of the company available

(to take the place of the *Nikko-maru*, the N.

Y. K. has been compelled to cancel the sailing.

The departure from Japan of another steamer

is also reported to have been postponed. This

is the *Mong Hia*, of the Chinese Eastern
